

## **Project Idea:**

We would like to create an electronic version of the existing board game Settlers of Catan. We plan on following the exact rules of the board game to the extent possible.

## **Basic requirements:**

- Rules of the original game
  - Graphics (birds-eye-view of board, game pieces, player cards, etc...)
  - Multiplayer (networked)
  - Help messages and Game Log
  - In-game chat
-

## **Project Idea:**

We would like to create an electronic version of the existing board game Settlers of Catan. We plan on following the exact rules of the board game to the extent possible.

## **Basic requirements:**

- Rules of the original game (as close as possible, no expansions or off-book variants)
- Graphics (birds-eye-view of board, game pieces, player cards, etc...)
- Multiplayer (definitely networked, potentially local)
- Interactive tutorial (walk-through and/or help dialog)
- Database of user profiles (online statistics)
- In-game chat (for multiplayer)
